Each size paving stone will accommodate a certain amount of characters. (Trotter and Pacer stones both accommodate 48 characters.) **Punctuation marks and spaces DO count as characters.** Keep in mind that the fewer characters you use, the more aesthetically pleasing your stone will appear.

Clearly write out your inscription in the space provided. All inscriptions must first be approved by the Greenbelt Conservancy before a final copy is sent to you for proof reading. Please note that the City of New York/Parks & Recreation will not allow us to inscribe stones with the words "In Memory Of" so please do not include that expression in your inscription.
